

Interest on Cash Deposits

(as at 15 June 2017 unless otherwise stated)

We are able to hold deposits in other major currencies but at present we do not pay any interest on these. No interest will be paid in any particular period where the amount due to you would be less than 25 pence (or equivalent for foreign currencies) per month.

All the above rates are the gross rates from which any applicable income tax or other statutory deduction will be made.
